**Phone 740-867-4737 · Fax 740-867-5513**

## **Lawrence County Earth Moving Permit Requirements**

All documentation must be submitted PRIOR to beginning construction.

1. Lawrence County Earth Moving Permit Application
2. Site Location Map
3. Two copies of a Storm Water Pollution Prevention Plan (SWP3). One copy of the approved SWPPP will be returned to the applicant.
4. A copy of your completed Ohio EPA General Construction Storm Water Permit Notice of Intent form.

Criteria for the listed documentation must be the same as outlined in the most current Ohio Environmental Protection Agency (EPA) National Pollution Discharge Elimination (NPDES) General Storm Water Permit for Construction Activities. The Ohio EPA has a SWP3 check list available for specific requirements.

The reviewer has 21 calendar days to approve or disapprove the permit. If a permit is disapproved, the applicant will receive notification as to the reason for disapproval and have to submit a revised plan.

The applicant must also follow all other Local, State, and Federal Regulations.

### **FEE SCHEDULE:**

<b>Acres Disturbed</b>	<b>Fees Due</b>
<b>0.01-0.99</b>	<b>\$0.00</b>
<b>1.00 – 1.99</b>	<b>\$200.00</b>
<b>2.00 – 2.99</b>	<b>\$400.00</b>
<b>3.00 – 3.99</b>	<b>\$600.00</b>
<b>4.00 – 4.99</b>	<b>\$800.00</b>
<b>5.00 – 5.99</b>	<b>\$1,000.00</b>
<b>6.00 – 6.99</b>	<b>\$1,200.00</b>

The fees required are \$200.00 per acre disturbed. This table does not reflect each amount that could possibly be due for a project but creates a guideline for the applicant to determine fees due.

Any project that disturbs 1 acre or more of ground must obtain permit coverage for storm water discharge. If the project disturbs less than 1 acre but is part of a larger plan of development, a permit is required.

For complete details of the earth moving permit requirements, please see the Water Quality Resolution.
